In submitting these names of board-certified pediatrics to you, it is understood that academic and pediatric credentials are not in question. Comments are requested concerning possible legal and/or ethical situations of which you might have personal knowledge. Send any comments on the following list of new applicants to your District Chairperson by November 15.
When you need to contact pediatrics, contact AAP News. Each month, we reach 46,000 pediatricians, third-year pediatric residents and other subscribers to AAP News for child health information they cannot get elsewhere. With a classified ad, you can speak directly to those readers.

Rates: The one-time cost for placing a classified as is $120 for 30 words or $1.50 for each additional word. A $20 discount per month is allowed for ads that are published in three or more consecutive issues. The three ads must be purchased at the same time. Ads may be boxed for a one-time cost of $80.

Classification: Classified ads are accepted under Business Services, General Announcements, Physicians Wished, Positions Wanted, Practices Available, Publications, Real Estate and Residencies/Fellowships Available.

Display Classified Ads: Camera-ready and 2-color display classified ads are accepted under General Announcements, Medical Meetings, Physicians Wished, Positions Wanted, Practices Available and Residencies/Fellowships Available. Contact AAP News for display classified ad sizes and rates.

Blind Box Returns: Available for a $25 service charge per ad insertion. To reply to a box number, send your response to: Box Number, AAP News, Classified Ads, P.O. Box 927, Elk Grove Village, IL 60009-0007.

For more information, contact: Pamela Malik, Classified Ad Coordinator, at (800) 433-9016, ext. 7667. In Illinois, (708) 981-7667. Ad copy and payments may be sent to: Classified Ads, AAP News, 1141 North Point Blvd., P.O. Box 927, Elk Grove Village, IL 60009-0007.

Advertising Policy: Although the Academy believes these classified ads are from reputable sources, the Academy does not investigate the offers made and assumes no responsibility concerning them. Frequent, it is necessary to modify the wording of classified ads. These changes are generally made in compliance with the regulations of various federal and/or state commissions against discrimination or because they might be interpreted as being unlawful or in conflict with professional standards of medical practice.

Advertisements for employment containing specifications as to race, creed, color, age, religion, gender, ethnic origin or national origin may be unlawful and professionally improper. Accordingly, discriminatory wording is not acceptable in AAP News.

Other phrases for publication in various advertising classifications which might be interpreted as being unlawful or in conflict with professional standards of medical practice could include: "Complete list of patients' records for sale," "the offer of membership or "kickbacks," "settings that could be interpreted as derogatory or defamatory to other physicians, the misrepresentation of skills expected or job requirements. These advertising modifications are made to maintain a classified section that is professionally responsible, lawful, scientific and free of discrimination.
THE THIRD NATIONAL CONFLUENCE OF THE AMERICAN PROFESSIONAL SOCIETY ON THE ABUSE OF CHILDREN, June 7-11, 1995, The Westin La Paloma, Tucson, Arizona. Intensive, in-depth, interdisciplinary education for advanced professionals. A faculty of internationally recognized experts. Listen to Pediatric UPDATE when you drive, jog, walk, fly...or anytime

FIRST-HAND EXPERIENCE DELIVERED TO YOU MONTHLY

Unlike any other audiocassette series, each program focuses on a single topic of direct relevance to your practice of pediatrics.

Using a roundtable discussion format that is structured, yet unrehearsed, each program is designed and edited for instructive listening. The subject matter is carefully chosen by the Academy to keep you in touch with the critical issues facing pediatricians today. Some topics are selected from the annual content specifications provided by the American Board of Pediatrics, which also serve as the basis for the PREP program.

A transcript of the discussion accompanies each audiocassette. This monograph contains objectives, self-evaluation quiz, a list of reading references, and 12 multiple-choice questions.

Participation in this series allows you to earn 36 AAP credits and 36 AMA Category I credits for each volume to which you subscribe.

To subscribe, call Toll-Free:

American Academy of Pediatrics

Under our changing healthcare system, the pressure is on to provide better, more cost-effective care. To help you keep up, participate in ACCOP, a program providing management exercises for ambulatory care givers, from the American Academy of Pediatrics.

ACCOP's brief, interactive, learning exercises emphasize self-assessment and self-improvement. Practical management tips and ideas from nationally recognized experts, as well as your peers, are featured.

Learn the latest developments in:
- neonatal hyperbilirubinemia
- critical media with effusion
- vision and hearing screening

Join more than 2,300 of your fellow pediatricians in comparing your practice procedures on a national, state and model level — with absolute confidentiality.

Complete Category I and risk management credits in the process.

The time is right and so is the price — just $70 for ACCOP members and $95 for nonmembers. Use our new group rates to enroll your entire practice:
- Two doctors — $95 (members) / $130 (nonmembers)
- Three doctors — $120 / $165
- Four doctors — $145 / $200

Don't wait — call 800/433-9016, ext 4277 for complete details.

I Yes, I'm interested in ACCOP. Send me more information and an enrollment form today.

American Academy of Pediatrics
Join an AAP Section and See What Sections Have to Offer!

An AAP Section is an organized body of AAPs who share an interest in a medical or surgical pediatric subspecialty or multidisciplinary area within pediatrics. Sections are devoted to improving the care of infants, children, adolescents, and young adults primarily through education in their respective areas.

Sections represent the medical and surgical subspecialists on issues related to pediatrics, ensuring that they are heard by the AAP and the medical community.

Sections’ educational activities range from seminars and CME courses to manuals, policy statements, training program directories, and newsletters. Many Section projects address new techniques and exciting developments in the pediatric subspecialty area.

New Sections that address child abuse, disabilities, sports medicine, home health, practice management, and more keep pediatricians abreast of breaking topics and issues that help them provide better service to their patients every day.

As an AAP Section member, you will receive the following benefits:

- Newsletters featuring updates, literature reviews, abstracts, and more;
- Special access to section programs at Academy national meetings;
- Networking opportunities with other professionals with similar interests;
- A venue to suggest and develop educational programs and projects;
- The opportunity to share your expertise on subcommittees addressing issues such as curriculum development, policy work, and more; and
- The opportunity to provide input and direction to one of the most vital and active branches of the Academy.

For a complete list of AAP Sections and more information about becoming a member, contact the Division of Sections at 800/433-9016, ext 6799.
