“We do the Right Thing... Well.”

The Sisters of the Third Order of St. Francis (OSF) have been providing medical care for residents of Illinois, Iowa and Michigan for more than 120 years. Their corporation, now known as OSF HealthCare, includes seven hospitals, two extended care facilities, an insurance company with its own managed care products, more than one dozen affiliated companies providing medical products and services, and OSF Medical Group, a multi-specialty physician group with more than 220 providers in its multi-state service area. We now have general pediatrics opportunities in:

Peoria, Illinois

For more information, please contact:
Wendy Bass at (800) 462-3621; Fax (309) 685-2574;
Email: wendy.bass@osfhealthcare.org

“T’d thought nothing could wake our six year old son. But when a urologist recommended the Potty Pager, we decided to give it a try. Three weeks later our son’s bedwetting problems were over!”

Jan Van Hoff

Bedwetting! Why just “control” it when YOU CAN CURE IT!

WITH THE WIRELESS alarm than ALERTS THE BEDWETTER... NOT THE WHOLE HOUSE!

The Potty Pager teaches bedwetters to respond normally to bladder fullness. IT USES A TACTILE alarm, much like a SILENT BUSINESS PAGER. IT IS 100% safe, runs on TWO "AA" batteries, and costs just $49.95 + S&H. IT COMES WITH A 30 DAY no-QUESTIONS GUARANTEE. WE’RE THAT SURE IT’LL WORK!

For complete info: 800-497-6573 or 303-440-8517

**Classified Advertising Policy**

When you need to contact pediatricians, contact AAP News. Each month more than 53,000 pediatricians, pediatric specialists, third-year pediatric residents and other subscribers turn to AAP News for child health information they cannot get elsewhere. With a classified ad, you can speak directly to those readers.

Although the Academy believes these classified ads are from reputable sources, the Academy does not investigate the offers made and assumes no responsibility concerning them.

Occasionally, it is necessary to modify the wording of classified ads. These changes are generally made in compliance with the regulations of various federal and/or state commissions against discrimination or because they might be interpreted as being unlawful or in conflict with accepted professional standards of medical practice.

These advertising modifications are made to maintain a classified section that is professionally responsible, lawful, scientific and free of discrimination.

Missouri
Poplar Bluff — 35-phytotitulmulipulyspecialty group seeks to add third BC/BE pediatrician to busy established practice. Subpecialty training or interst in IC, OB, or pediatrics. Less than 1% managed care.

Generous base salary plus bonus incentive and early partnership. Benefits include comprehensive medical/dental plan for physician and family and a great retirement plan. Community offers superb quality of life: outdoor recreation, good schools, mild climate, low cost of living, and within 3 hours of all its managed care.

Contact Tom Warner at (573) 778-7175; PO. Box 220 Poplar Bluff, MO 65901; or e-mail kneeblt@bom.net.

Boazana
Boazana — Four-person pediatric group seeking fifth pediatrician to work and call. General pediatric practice, Level II nursery. For more information contact Paula, (406) 587-5123.

New England
Prestigious expanding multispecialty group — Call 1:4, affiliated with 450-bed tertiary care teaching hospital. Benefits include professional malpractice insurance, retirement plan, 100% benefits, and generous vacation. For more information contact Bob Streeter at (617) 325-3241.

Mid-Atlantic
Combined Medicine/Pediatrics: Kaiser Permanente, The Mid-Atlantic Permanente Medical Group, P.C. — It’s a 700-physician owned and operated multispecialty group practice with locations in Pennsylvania, Maryland, and Washington, DC. We are currently seeking physicians with combined residency training in internal medicine and pediatrics to provide quality care to our members. These full-time positions will involve teaching in the Georgetown-Kaiser Combined Residency Training Program in Medicine-Pediatrics in the Kaiser facilities. Interested physicians should fax a CV and cover letter to Dr. W. Bruce Eakin, MD, Kaiser Medical Services Recruitment Coordinator, (301) 816-7472, or mail to MAPMC, 2102 E. Menlo Ave., Suite 6B-409, Rockville, MD 20850; or call at (301) 816-6616 for further information. MAPMC offers a comprehensive benefits package.

California
We also established solo pediatric practice in the San Francisco area — Respond to: AAP News, Box 01228, 141 Northwest Point Blvd., Elk Grove Village, IL 60007.

- BETTER COMPLIANCE MAY IMPROVE PATIENT OUTCOMES*
- COSTS LESS THAN MOST BRAND-NAME ANTIBIOTICS*
- PROVEN TOLERABILITY

In acute otitis media, the most common side effects are diarrhea/loose stools (2%), abdominal pain (2%), vomiting (1%), and nausea (1%). In community-acquired pneumonia, the most common side effects are diarrhea/loose stools (5.8%), abdominal pain, vomiting, and nausea (1.9% each), and rash (1.6%).

Zithromax® (azithromycin for oral suspension) is contraindicated in patients with known hypersensitivity to azithromycin, erythromycin, or any macrolide antibiotic.

Zithromax is indicated for pediatric infections such as acute otitis media due to *H* influenzae, *M* catarrhalis, or *S* pneumoniae, and community-acquired pneumonia due to *C* pneumoniae, *H* influenzae, *M* pneumoniae, or *S* pneumoniae.

Oral azithromycin should not be used in pediatric patients with pneumonia who are judged to be inappropriate for oral therapy because of moderate to severe illness or risk factors such as any of the following: patients with cystic fibrosis, patients with nosocomially acquired infections, patients with known or suspected bacteremia, patients requiring hospitalization, or patients with significant underlying health problems that may compromise their ability to respond to their illness (including immunodeficiency or functional asplenia).

Please see brief summary of prescribing information on adjacent page.
