IPOL: INTRAMUSCULAR POLIO VACCINE

Polio Vaccine

Dr. Spooner-Dean: A 30-Year-Old Candidate Was Found Slain May 5 in her Oakland, Calif., home. Spooner-Dean had worked part time as a pediatrician at the Contra Costa Regional Medical Center in Oakland from February to April, and recently had been working at the Nativity Medical Center in Salinas. She also helped organize mobile medical clinics that served indigent children in Oakland and so she was learning Spanish so she could communicate better with her patients.

Spooner-Dean graduated in January from the pediatric residency training program at Oakland Children's Hospital. She received her medical degree from the University of Illinois Medical School in Peoria. Police were investigating several motives for the murder, including robbery. The physician's family was offering a $50,000 reward for information leading to the conviction of the person or persons responsible for the slaying.

Contributors in Spooner-Dean's memory may be sent to Children's Hospital Foundation, 747 52nd St., Oakland, CA 94609. The money may be used to fund the mobile medical clinic.

Obituary Information

The Academy encourages members who learn of the death of a Fellow to notify AAP News. Send information for “In Memoriam” to Carla Kemp, AAP News, 1411 Northwest Point Blvd, Elk Grove Village, IL 60007-1096; phone (800) 433-9016, ext 7874; fax (847) 228-5097; or e-mail ckemp@aap.org.
