"After ten years of agonizing, diapers, and two ineffective drugs, our son finally has the confidence for a sleep-over, thanks to the Potty Pager."  
Daniel E. Turnbull

It’s wireless. It’s private. It inspires letters like this. And now it’s CLINICALLY PROVEN EFFECTIVE.

In a two year clinical study at the University of Alabama medical school, the Potty Pager has been proven 71% effective on hard-to-reach TEEN bed wetters. (Lo, Perez, Hanchrow and Joseph)

So why just “control” bed wetting with drugs when you can CURE it! With the WIRELESS alarm that wakes the BEDWETTER... not the whole house!

The Potty Pager teaches bed wetters to respond normally to bladder fullness. It uses a tactile alarm, much like a silent business pager. It is 100% safe, and costs just $51.00 + S&H. It comes with a 30 day no-questions guarantee.

For complete information call: 800-497-6573 or 303-440-8517

Or visit our web site: www.pottypager.com

IDEAS FOR LIVING, INC. BOULDER, COLORADO 80304

POTTY PAGER

because life's challenging enough without a bed-wetting problem!
CLASSIFIED ADVERTISING POLICY

When you need to contact pediatricians, contact AAP News. Each month more than 35,000 pediatricians, pediatric specialists, third-year pediatric residents and other subscribers turn to AAP News for child health information they cannot get elsewhere. With a classified ad, you can speak directly to those readers.

Although the Academy believes these classified ads are from reputable sources, the Academy does not investigate the offers made and assumes no responsibility concerning them.

Occasionally, it is necessary to modify the wording of classified ads. These changes are generally made in compliance with the regulations of various federal and/or state commissions against discrimination or because they might be interpreted as being unlawful or in conflict with accepted professional standards of medical practice.

These advertising modifications are made to maintain a classified section that is professionally responsible, lawful, scientific and free of discrimination.

AAP NEWS

Elk Grove Village, IL 60009-0927

Publication of an advertisement in AAP News neither constitutes nor implies a guarantee or endorsement by AAP News or the American Academy of Pediatrics of the product or service advertised or of the claims made for the product or service by the advertiser.

Classification: Classified ads are accepted under Business Services, General Announcements, Medical Meetings, Physicians Wanted, Positions Wanted, Practices Available, Publications, Real Estate and Residencies/Fellowships Available.

Display Classified Ads: Camera-ready, 4-color, 3-color and 2-color display classified ads are accepted under General Announcements, Medical Meetings, Physicians Wanted, Positions Wanted, Practices Available and Residencies/Fellowships Available. Contact AAP News for display classified ad sizes and rates.

For more information, contact: Pete Petersen, Classified Ad Coordinator, at (800) 433-9016, ext. 7676. In Illinois, (847) 981-7667. Ad copy and payments may be sent to: Classified Ads, AAP News, P.O. Box 927, Elk Grove Village, IL 60009-0927.

The Sisters of the Third Order of St. Francis (OSF) have been providing medical care for residents of Illinois, Iowa and Michigan for more than 120 years. Their corporation, now known as OSF HealthCare, includes seven hospitals, two extended care facilities, an insurance company with its own managed care products, more than one dozen affiliated companies providing medical products and services, and OSF Medical Group, a multi-specialty physician group with more than 220 providers in its multi-state service area. We now have general pediatric opportunities in:

- Peoria, Illinois
- Escanaba, Michigan

For more information, please contact Wendy Bass at (800) 462-3621; Fax (309) 685-2574; Email: wendy.bass@osfhealthcare.org

PEDIATRICS BY THE SEA
A CME Meeting in Practical Pediatric Topics and a Practice Management Seminar

June 17-19, 1999 • The Cloister • Sea Island, Georgia
Martin H. Greenberg, MD, Program Chair
Sponsored by: Georgia Chapter/American Academy of Pediatrics
For information contact Meg Evans • (404) 812-5657 • Fax (404) 249-0515 • megv@mag.org

Providence Health System, Alaska
Year-round, Alaska is a great place to be. With four seasons throughout the year, it offers residents never-ending rivers, breathtaking landscapes and mountain peaks that extend as far as the eye can see. Here, you’ll enjoy summer days of up to 19 hours long, gentle autumn breezes, beautiful white winter blankets of snow, flowery meadows in the spring and abundant recreational opportunities, if this sounds like an environment you’ll enjoy - and thrive in - consider joining us at Matanuska Healthcare Associates Inc. in Wasilla, Alaska.

Pediatrician
We are currently seeking an adventurous Pediatrician to join our team of four family practitioners and two pediatricians at Matanuska Healthcare Associates, Inc. Located in the picturesque Matanuska Susitna Valley located 45 miles north of Anchorage, you will have easy access to Anchorage’s pediatric healthcare resources which include a 32 bed level II neonatal intensive care unit, PUC and Children’s hospital.

The Matanuska Susitna Valley is the fastest growing community in Alaska with a population over 50,000. From the Valley, you will be just a few minutes away from recreational areas all seasons of the year.

In addition to the exciting adventures of our Alaska locations, we offer first year salary guarantees, CMS allowance and health/malpractice insurance. For immediate consideration, contact Debbie Brannon at 907-376-6422 or leave a message for Dr. Milton W. Lum. Or, send your resume to: Providence Health System Alaska, Human Resources, PO Box 196990, 701 East Tudor, Suite 135, Anchorage, AK 99519. Fax: (907) 565-6495, BOE. Drug Screening required.

Compassion
— caring for each person as if they were part of our family.

**• BETTER COMPLIANCE MAY IMPROVE PATIENT OUTCOMES**

**• COSTS LESS THAN MOST BRAND-NAME ANTIBIOTICS**

**• PROVEN TOLERABILITY**

In acute otitis media, the most common side effects are diarrhea/loose stools (2%), abdominal pain (2%), vomiting (1%), and nausea (1%). In community-acquired pneumonia, the most common side effects are diarrhea/loose stools (5.8%), abdominal pain, vomiting, and nausea (1.9% each), and rash (1.6%).

Zithromax® (azithromycin for oral suspension) is contraindicated in patients with known hypersensitivity to azithromycin, erythromycin, or any macrolide antibiotic.

---

Zithromax is indicated for pediatric infections such as acute otitis media due to *H. influenzae*, *M. catarrhalsi*, or *S. pneumoniae*, and community-acquired pneumonia due to *C. pneumoniae*, *H. influenzae*, *M. pneumoniae*, or *S. pneumoniae*.

Oral azithromycin should not be used in pediatric patients with pneumonia who are judged to be inappropriate for oral therapy because of moderate to severe illness or risk factors such as any of the following: patients with cystic fibrosis, patients with nosocomially acquired infections, patients with known or suspected bacteremia, patients requiring hospitalization, or patients with significant underlying health problems that may compromise their ability to respond to their illness (including immunodeficiency or functional asplenia).

---

Please see brief summary of prescribing information on adjacent page.
