Looking for effective cough control?

Robitussin® DM: The gold standard of cough relief

• The #1 choice among doctors
• First-line therapy with efficacy and safety you can trust
• Contains dextromethorphan and guaifenesin
• No narcotic side effects
• A full line of pediatric products, including drops and syrups, for all your patients
Dear Academy Fellow:

In order to fulfill the admission requirements of AAP Bylaws, you are requested to:

- Carefully review the following list of new applicants for Academy membership; and release your reactions directly to your District Chairperson, whose name and address is at the end of this list.

In submitting these names of board-certified pediatricians to you, it is understood that academic and pediatric credentials are not in question. Comments are requested concerning possible legal and/or ethical situations of which you might have personal knowledge.

Send any comments on the following list of new applicants to your District Chairperson by Feb. 15.

---

“After ten years of agonizing, diapers, and two ineffective drugs, our son finally has the confidence for a sleepover, thanks to the Potty Pager.”

Daniel E. Turnbull

It’s wireless. It’s private. It inspires letters like this. And now it’s CLINICALLY PROVEN EFFECTIVE.

In a two year clinical study at the University of Alabama medical school, the Potty Pager has been proven 71% effective on hard-to-reach TEEN bedwetters. (Lo, Perez, Hanchrow and Joseph)

So why just “control” bedwetting with drugs when you can CURE it! With the WIRELESS alarm that wakes the BEDWETTER... not the whole house!

The Potty Pager teaches bedwetters to respond normally to bladder fullness. It uses a tactile alarm, much like a silent business pager. It is 100% safe, and costs just $51.00 + S&H. It comes with a 30 day no-questions guarantee.

For complete information call: 800-497-6573 or 303-440-8517

Or visit our web site: www.pottypager.com

IDEAS FOR LIVING, INC.
BOULDER, COLORADO 80304
Springtime in Paris

Man’s mind, once stretched by a new idea, never regains its original dimension.
~ Oliver Wendell Holmes ~

Our minds have been stretched by the World Wide Web. If you are a pediatrician on maternity leave, retired, or looking for a way to work from home, consider a rewarding opportunity with drpaula.com the premiere website for pediatric and parenting advice. Our success has been overwhelming. However, it’s becoming more difficult to handle the increasing volume of questions coming in. If you enjoy giving advice, join our team and help make a difference in the lives of parents and their kids.
—Dr. Paula

MIDWEST

PEDIATRIC OPPORTUNITIES IN MICHIGAN — Unique pediatric practice opportunities available in several locations throughout Michigan including: Lansing and Greater areas. Northern Michigan and rural communities. We are seeking full-time BC/BE pediatricians to join McLaren Health Care Corporation delivering care in outpatient family care centers. Limited inpatient responsibilities and shared call with other pediatricians. Regional medical center with Level II nursery and 24 hour ER physician. Referral center has Level III nursery and pediatric ICU. Very competitive salary, full benefit package, relocation expenses, CME and much more! We regret these communities do not meet standard for visa waivers. For more information please contact: Courtney Cole, Physician Recruitment, 401 S. Ballenger Hwy, Flint, MI 48532, (810) 342-1050 or fax CV to (810) 342-1076.

SOUTHWEST

The Department of Pediatrics at Denver Health is seeking a faculty member to serve as the Director of Inpatient Services. Candidates should be BC in pediatrics, and experienced in the delivery of care to hospitalized children. The successful candidate will assume administrative responsibility for inpatient and pediatric intensive care units, will manage medical patients, and will participate in medical student and resident education programs. An appointment to the faculty of the Department of Pediatrics, University of Colorado School of Medicine is expected, and provides opportunities for research and clinical collaboration. Please direct inquiries to John W. Ogle, M.D., Director of Pediatrics, #5090, Denver Health Medical Center, 777 Broadway Street, Denver CO 80204, (303) 436-6690.

APPLIED MEDICAL NEWS
Published Monthly
American Academy of Pediatrics
P.O. Box 827
Erlanger, Kentucky 41018

CLASSIFIED ADVERTISING POLICY

When you need to contact pediatricians, contact AAP News. Each month more than 50,000 pediatricians, pediatric specialists, third year pediatric residents and other subscribers turn to AAP News for child health information they cannot get elsewhere. With a classified ad, you can speak directly to these readers.

Although the Academy believes these classified ads are from reputable sources, the Academy does not investigate the offers made and assumes no responsibility for accuracy or safety. Occasionally, it is necessary to modify the wording of classified ads. These changes are generally made in compliance with the regulations of sources behind and are not necessarily expressing disagreement with the offers they might be interpreted as being unappealing or in conflict with accepted professional standards of medical practice. These advertising modifications are made to maintain a classified section that is professionally responsible, factual, scientific and free of discrimination.

Publication of an advertisement in AAP News neither creates nor implies a guarantee or endorsement by AAP News or the American Academy of Pediatrics of the product or service advertised or of the claims made for the product or service by the advertiser.

Classified Advertisements: Advertisements accepted under Business Services, General Announcements, Medical Meetings, Physician Wanted, Positions Wanted, Practice Available, Public Announcement, Real Estate Services and Businesses, Fellowship Available.

Display Classified Advertisements: Center two-color, color and 3-color display classified ads are accepted under General Announcements, Medical Meetings, Physician Wanted Positions Wanted, Practice Available, and Fellowship Available. Contact Ronald Low, The Webmaster for display classified ad rates and terms.

For more information, contact: Roland Low, The Webmaster, 1-410-320-8832, rlow@aap.org, or send a letter to: The Webmaster, 11700 Pennsylvania Ave, Ste. 300, Silver Spring, MD 20910. Payments may be forwarded only payable to The American Academy of Pediatrics, Dept. 77, 11700, Chicago, IL 60639-1343.

- BETTER COMPLIANCE MAY IMPROVE PATIENT OUTCOMES
- COSTS LESS THAN MOST BRAND-NAME ANTIBIOTICS
- PROVEN TOLERABILITY

In acute otitis media, the most common side effects are diarrhea/loose stools (2%), abdominal pain (2%), vomiting (1%), and nausea (1%). In community-acquired pneumonia, the most common side effects are diarrhea/loose stools (5.8%), abdominal pain, vomiting, and nausea (1.9% each), and rash (1.6%).

Zithromax® (azithromycin for oral suspension) is contraindicated in patients with known hypersensitivity to azithromycin, erythromycin, or any macrolide antibiotic.

Zithromax is indicated for pediatric infections such as acute otitis media due to H influenzae, M catarrhalis, or S pneumoniae, and community-acquired pneumonia due to C pneumoniae, H influenzae, M pneumoniae, or S pneumoniae.

Oral azithromycin should not be used in pediatric patients with pneumonia who are judged to be inappropriate for oral therapy because of moderate to severe illness or risk factors such as any of the following: patients with cystic fibrosis, patients with nosocomially acquired infections, patients with known or suspected bacteremia, patients requiring hospitalization, or patients with significant underlying health problems that may compromise their ability to respond to their illness (including immunodeficiency or functional asplenia).

Please see brief summary of prescribing information on adjacent page.
