After ten years of agonizing, diapers, and two ineffective drugs, our son finally has the confidence for a sleepover, thanks to the Potty Pager.  
Daniel E. Turnbull  

It’s wireless. It’s private. It inspires letters like this. And now it’s CLINICALLY PROVEN EFFECTIVE.  

In a two year clinical study at the University of Alabama medical school, the Potty Pager has been proven 71% effective on hard-to-reach TEEN bed wetters. (Lo, Perez, Hanchrow and Joseph)  

So why just “control” bedwetting with drugs when you can CURE it! With the WIRELESS alarm that wakes the BEDWETTER... not the whole house!  

The Potty Pager teaches bed wetters to respond normally to bladder fullness. It uses a tactile alarm, much like a silent business pager. It is 100% safe, and costs just $56.00 + S&H. It comes with a 30 day no-questions guarantee.  

For complete information call: 800-497-6573 or 303-440-8517

Beautiful Oregon Coast – The Bay clinic is seeking a BC/BE Pediatrician to join a five member Pediatric department. The 80-bed hospital is a twenty-physician multi-specialty group that was established in 1957. The location is on the beautiful Southern Oregon Coast in an area with abundant recreational opportunities for quality family living. It is a predominantly fee for service with in-house laboratory and x-ray departments for efficient and convenient service to our patients. Emergency call rotation for the community includes a total of eight Pediatricians. The first year’s salary is guaranteed, with an incentive bonus. All office overheads, including malpractice, are covered. Partnership is available at the end of the first year, with no buy-in. Bay Area Hospital is located directly across the street and is the main referral center for the entire Southern Oregon Coast. It is a completely modern 172-bed, publicly-owned acute care facility which has just completed a major $15 million remodel and expansion. The Coos Bay/north Bend area has a combined population of 30,000 and a drawing area of another 60,000. If you are interested in this opportunity please fax or e-mail a copy of your CV to: Daniel E. Walsh, Administrator, Bay Clinic, LLP, 1750 Thompson Road, Coos Bay, Oregon 97420. (541) 266-4400, fax (541) 267-6905, e-mail: dwalsh@harborside.com.

How many hours can one kid spend in “time-out”?

Parents ask their pediatricians all sorts of things.

Teaching kids how to behave and parents how they can guide them—2 of the topics that may not have been covered in your textbooks. Pfizer Pediatric Health, which brought you the highly successful Bright Futures program, introduces the Parent Equation™ program. Developed with the New York University Child Study Center, Parent Equation materials help you to quickly address tough parenting issues, such as:

- Positive parenting
- Cultivating language and communication
- Raising a well-adjusted child

Contact your Pfizer representative or call 1-800-PED-2323 for complimentary Parent Equation materials. (And make more time for your practice.)
