Dear Academy Fellow:

In order to fulfill the admission requirements of AAP Bylaws, you are requested to:

Carefully review the following list of new Fellows for Academy membership; and relay your reactions directly to your District Chairperson, whose name and address is at the end of this list. In submitting these names of board-certified pediatricians to you, it is understood that academic and pediatric credentials are not in question. Comments are requested concerning possible legal and/or ethical situations which you might have personal knowledge.

Send any comments on the following list of new Fellows to your District Chairperson.

**NEW FELLOWS**

MAYO CLINIC

CHILD ABUSE PROGRAM DIRECTOR
Mayo Clinic
Mayo Medical School
Rochester, Minnesota

The Mayo Clinic seeks a physician Director for our Child Abuse Program. The Director would coordinate other physicians, psychologists, and nurse practitioners on the Child Abuse/Neglect Advisory Team. The well-established program has an experienced LUCSW serving as the Child Abuse Coordinator with whom the Director will work. Clinical and educational opportunities exist with Mayo’s Pediatric, Family Medicine, Psychiatry, Psychology, and Emergency Medicine faculty and residents, as well as with Mayo Medical School students and allied health staff. The candidate will represent Mayo in child abuse/neglect related matters on a regional, state, and national level.

Mayo Clinic provides excellent career opportunities through our large outpatient clinical practice; the comprehensive Mayo Eugenio Lita Children’s Hospital, and our commitment to education and research. Mayo Clinic offers the advantages of a renowned medical center with a successful integrated group practice in a very attractive Midwestern locale with a population of 125,000.

The position would be divided between the Child Abuse Program and clinical work in the primary specialty area in which the candidate is trained. Candidates may come from one of the following clinical disciplines: Pediatrics, Psychiatry, Family Medicine, Behavior/Development, or Emergency Medicine.

Qualified individuals should forward their curriculum vitae and letters of interest to the chair of the search committee:
Jay L. Hoekema, M.D.
Interim-Director, Mayo Child Abuse Program and Search Committee Chair
Mayo Clinic
200 First Street, SW
Rochester, MN 55905
(507) 284-5247
(Fax: 507-284-9744)

Mayo Foundation is an affirmative action and equal opportunity educator and employer.

CME PROGRAMS FOR PEDIATRICIANS

2003: A Comprehensive Update for Pediatricians
Friday, March 21, 2003
The latest advances in treatment of orthopaedic & musculoskeletal conditions: hip & back pain, scoliosis, rheumatology, MRI, ultrasound, & clubfoot.

SPORTS MEDICINE
FOR THE YOUNG ATHLETE
Saturday, April 5, 2003
The specialized treatment for the young athlete: concussion, sports nutrition, psychological considerations, sports medicine case studies, hands-on musculoskeletal workshops & breakout sessions.

Space is limited! To register or request program brochures contact Education Division by phone: 212.606.1057; or e-mail: education@hss.edu.

The Division of General Pediatrics at the University of Wisconsin-Madison, Department of Pediatrics is recruiting for two positions.

Full-Time board certified/board eligible Pediatrician at the Assistant Professor level on the CHS track with opportunities in clinical medicine, teaching, and scholarly activity. The individual will function as a Pediatrician at the University of Wisconsin Children’s Hospital and the University of Wisconsin Hospital and Clinics, East Side Clinic and see newborns at Meriter Hospital.

Full-Time board certified/board eligible Pediatrician at the Clinical Assistant Professor level to join our group at our 20 South Park site. The essential part of the duties will involve providing clinical care to pediatric patients with additional teaching to residents, medical students and/or fellows.

Qualified candidates should send a letter of interest and CV to:
Aaron Friedman, M.D.
600 Highland Avenue
H4/4S CSC, Box 4108
Madison, WI 53792-4108
Email: alfriedman@facstaff.wisc.edu

Unless confidentiality is requested in writing, information regarding the applicant must be released upon request. Finalists cannot be guaranteed confidentiality. The University of Wisconsin is an equal opportunity/affirmative action employer.

NORTHEAST
NEW YORK - I am a Pediatrician looking for full-time clinic/practice setting in the New York City area.

NORTHWEST
BIG Opportunity Under Montana's Big Sky
The Great Falls Clinic is looking for a BC/BE Neonatologist to join the Neonatology department of a 100+ provider, multi-specialty organization. This position will provide the right candidate with the unique opportunity to work in a progressive level 3 nursery engaged in multidisciplinary care, tackle challenging neonatal cases, work with conventional/high frequency ventilation and nitric oxide, and treat a nationally recognized perinatologist, and broad base of subspecialty providers and surgeons. Great Falls is a family-friendly community with excellent schools, low crime, clean air, and a reasonable cost of living. In addition, you will have access to world-class recreational venues, outdoor activities, scenic vistas and region culture right outside your practice door. Qualified candidates will have excellent clinical and interpersonal skills, be a team player and excited to join an active and established group of neonatologists and other physicians. The Great Falls Clinic offers a competitive benefit package and salary leading to partnership. If interested, send CV and professional photo to Jeff Hinz, M.D., Medical Director, P.O. Box 5012, Great Falls, MT 59403. E-mail: jeff.hinz@gfclinic.com or check our Web site at www.gfclinic.com.

Beautiful Colorado! The Bay Clinic is seeking a BC/BE Pediatrician to replace a physician who is retiring at the end of 2002. Bay Clinic is a 20-physician multi-specialty group with a five member Pediatric department that was established in 1957. The location is on the beautiful Southern Oregon Coast in an area with abundant recreational opportunities for quality family living. It is predominantly fee-for-service with in-house laboratory and x-ray department. Bay Clinic provides care to all ages and is committed to serving each patient with excellence and integrity. Bay Clinic offers a competitive benefit package including salary, incentive bonus, comprehensive health insurance, paid vacation and sick leave, retirement plan, CME, and malpractice insurance. Please send CV and professional photo to: John Brandt, M.D., Medical Director, Bay Clinic, 32130 E St, Gold Beach, Oregon 97442, fax 266-4400, phone (541) 267-6905, e-mail: dwalsh@highshore.com.

MONTANA. You've Earned It. Things are different here. We have the technology and personnel to help your practice grow and patients who want the best. The Great Falls Clinic is seeking a Pediatrician to join a 12-member Pediatric Department in a rapidly expanding 100+ provider, multi-specialty organization. We offer competitive salary and excellent benefits. Reply to: Pediatric, immediately, or fax a current CV to (406) 761-5830.

PHARMACIST
怎么能用中文翻译

L.M. Pharmaceuticals
With Single Dose Zithromax, you’ll have to find a new use for all those extra spoons.

One 30-mg/kg dose of Zithromax delivers the efficacy of 20 doses of Augmentin® in acute otitis media\(^1,2\)

- Single Dose Zithromax has efficacy comparable with Augmentin at end of therapy (87% vs 88%) and test of cure (75% vs 75%)\(^1,2\)
- A subset analysis also revealed comparable clinical success rates between Zithromax and Augmentin in patients aged 6 months to 2 years\(^ 3\)
- Zithromax is well tolerated
  - The overall incidence of adverse events was 16.8% for Zithromax compared with 22.5% for Augmentin\(^1,2\)

Zithromax is indicated for acute otitis media in children 6 months and older due to *Haemophilus influenzae*, *Moraxella catarrhalis*, or *Streptococcus pneumoniae*.

The most common side effects are diarrhea (4.3%), vomiting (4.9%), abdominal pain (1.4%), rash (1.0%), and nausea (1.0%). Zithromax is contraindicated in patients with known hypersensitivity to any macrolide antibiotic.

If an allergic reaction occurs, the drug should be discontinued and appropriate therapy instituted. Physicians should be aware that reappearance of the allergic symptoms may occur when symptomatic therapy for the allergic reaction is discontinued.

Pseudomembranous colitis has been reported with nearly all antibacterial agents. It is important to consider this diagnosis in patients who present with diarrhea.

Please see brief summary of prescribing information on adjacent page.
