NEW FELLOWS

Dear Academy Fellow:
In order to fulfill the admission requirements of AAP Bylaws, you are requested to:
Carefully review the following list of new fellows for Academy membership; and relay your
reactions directly to your District Chairperson, whose name and address is at the end of this
list. In submitting these names of board-certified pediatricians to you, it is understood that
academic and pediatric credentials are not in question. Comments are requested concerning
possible legal and/or ethical situations which you might have personal knowledge.
Send any comments on the following list of new fellows to your District Chairperson.

American Academy of Pediatrics
DEDICATED TO THE HEALTH OF ALL CHILDREN
“My pediatrician friends told me alarms are useless. Now (thanks to the Potty Pager) I know they were wrong.”
Eugene Leiken, MD, Israel

“Our success rate with the Potty Pager is 75 to 80 percent.”
Rudolph Valentini, MD, pediatric nephrology, Children’s Hospital, Detroit

“Our six-year-old daughter was soaking the bed nightly. The third week on the Potty Pager it was like ‘poof’ — she was dry.”
The Noyes Family

“My ‘comatose’ nine-year-old had never had a dry night. In just six weeks (with the Potty Pager) he started sleeping dry through the night. Frankly, this is pretty miraculous.”
Sunny Rigby

“My six-year-old had never had a dry night. Within two weeks, he was sleeping dry through the night. I had no idea how successful this would be.”
Elaine Fournier

The Potty Pager teaches bedwetters to respond normally to bladder fullness. It uses a tactile alarm, much like a silent business pager. It is 100% safe, and costs just $56.00 + S&H. It comes with a 30 day no-questions guarantee.

For complete information call: 800-497-6573 or 303-440-8517
Or visit our web site: www.pottypager.com

IDEAS FOR LIVING, INC.
BOULDER, COLORADO
PEDIATRIC GASTROENTEROLOGIST

If you’re looking for a healthcare setting where you can feel personally and professionally at home, then Gundersen Lutheran is right where you belong. Here, you’ll find metropolitan-scale medicine, education and research amid a small town character and comfort. Gundersen Lutheran Medical Center, a 235-bed teaching hospital with a Level II trauma and emergency center, and its 45 medical facilities serve more than 500,000 residents in three states. Within our multi-specialty group practice, you’ll work with more than 440 medical staff members within a 25-clinic network practicing in the La Crosse, Wisconsin area.

The Department of Pediatrics at Gundersen Lutheran is seeking a full-time pediatric gastroenterologist. The GI department has six board-certified adult gastroenterologists and a state-of-the-art GI procedure lab available.

The Department of Pediatrics has 20 pediatricians, six PNP’s, four NPs, and one PA. Our pediatric subspecialties areas include hematology/oncology, orthopedics, allergy/immunology, ophthalmology, surgery, neonatology, neurodevelopment, neurology, genetics, and pediatric ICU. The pediatric inpatient service also includes a twelve patient NICU, a four patient PICU, and a 20 patient pediatric inpatient service.

We offer an excellent compensation/benefits package, including relocation expenses and continuing education opportunities. Interested candidates should contact Gale Kreibich, Medical Staff Development, Gundersen Lutheran, 1910 South Ave., La Crosse, WI 54601 at (800) 362-9567, Ext. 56063, Email: gkreibich@gundluth.org or Dr. Richard Strauss, Chair, Dept. of Pediatrics, Gundersen Lutheran, 1856 South Ave., La Crosse, WI 54601 at (608) 363-9567, Ext. 52809, Email: r Strauss@gundluth.org.

We support a safe, healthy and drug-free work environment through background checks and controlled substance screening. EOE/AA.

State Rd., 7 Ste. 316, Lauderdale Lakes, FL 33319. Attention: Peter Shulman, M.D., Physician Recruiting, or fax a current CV to (954) 967-6410.

Kentucky: BC/BE Pediatrician needed in HPSA location for rural, underserved community of 15,000 U.S. citizen all welcome. Computer literacy preferred. Send CV to: AAP 6, P.O. Box 969, Abingdon, MD 21009

NORTHWEST

Neonatologist

The Great Falls Clinic is looking for a BC/BE Neonatologist interested in joining the Neonatology department of a 100+ provider, multi-specialty, 621-bed hospital. This position will provide the right candidate with the unique opportunity to work in a progressive level 3 nursery engaged in multidisciplinary care, taking the lead within a collaborative environment. The candidate should be willing to work with conventional/high frequency ventilation and nitric oxide therapy and collaborate with a nationally recognized neonatologist, and a broad base of subspecialty practitioners and surgeons. The Great Falls Clinic does not qualify for J-1 waiver status. Great Falls is a family-friendly community with excellent schools, low crime, clean air, and a reasonable cost of living. In addition, you will have access to world-class recreational venues, outdoor activities, and a high-quality cultural life right outside your practice door. Qualified candidates will have excellent clinical and interpersonal skills, be a team player and enjoy working closely with families and other physicians. Great Falls Clinic offers a competitive benefit package and salary leading to partnership. For more information please submit CV and professional goals to Greg Hagfors, Administrator, Great Falls Clinic, P.O. Box 5012, Great Falls, MT 59403, or e-mail: greg.hagfors@gfcclin.com, Web site: www.gfcclin.com.

Pediatric Neurologist

The Great Falls Clinic is looking for a full-time pediatric neurologist to join a Pediatric department that consists of a pediatric cardiology, pediatric pulmonologist, 2 developmental pediatricians, pediatric ophthalmologist and 8 general pediatricians. This position will be office-based with hospital consultations, on-call duties limited to neurology consults only, and a desire to develop outreach clinics. Our local hospital has tertiary level NICU and a busy high-volume neurosurgery. Great Falls is a warm and safe community for a physician interested in making a home for themselves and/or their family. Contact Greg Hagfors, Administrator, Great Falls Clinic, PO Box 5012, Great Falls, MT 59403 or e-mail: greg.hagfors@gfcclin.com. Web site: www.gfcclin.com.

With Single Dose Zithromax, you’ll have to find a new use for all those extra spoons.

One 30-mg/kg dose of Zithromax delivers the efficacy of 20 doses of Augmentin® in acute otitis media

- Single Dose Zithromax has efficacy comparable with Augmentin at end of therapy (87% vs 88%) and test of cure (75% vs 75%)
- A subset analysis also revealed comparable clinical success rates between Zithromax and Augmentin in patients aged 6 months to 2 years
- Zithromax is well tolerated
  - The overall incidence of adverse events was 16.8% for Zithromax compared with 22.5% for Augmentin

Single Dose Zithromax is indicated for acute otitis media in children 6 months and older due to Haemophilus influenzae, Moraxella catarrhalis, or Streptococcus pneumoniae.

The most common side effects of Single Dose Zithromax are diarrhea (4.3%), vomiting (4.9%), abdominal pain (1.4%), rash (1.0%), and nausea (1.0%). Zithromax is contraindicated in patients with known hypersensitivity to any macrolide antibiotic.

If an allergic reaction occurs, discontinue drug and institute appropriate therapy. Physicians should be aware that reappearance of the allergic symptoms may occur when symptomatic therapy for the allergic reaction is discontinued.

Pseudomembranous colitis has been reported with nearly all antibacterial agents. It is important to consider this diagnosis in patients who present with diarrhea.

Healthcare professionals in the US may obtain a copy of the article free of charge by request to the Pfizer Medical Information Hotline at 1-800-483-1985. The article is also available on www.KidsEars.com, a Pfizer Web site.
