Dear Academy Fellow:

In order to fulfill the admission requirements of AAP Bylaws, you are requested to carefully review the following list of new Fellows for Academy membership and relay your reactions directly to your District Chairperson, whose name and address is at the end of this list. In submitting these names of board-certified pediatricians to you, it is understood that academic and pediatric credentials are not in question. Comments are requested concerning possible legal or ethical situations which might have personal knowledge.

Send any comments on the following list of new Fellows to your District Chairperson.

Phoenix, AZ 85024

British Columbia
Jennifer Balfour, M.D., FAAP
Victoria, BC V9H 3H6

Colorado
Robert Lynn De Biasi, M.D., FAAP
Denver, CO 80209
A little sound advice can produce some really big smiles!

Our daughter’s pediatrician recommended the Potty Pager when she was 8. In less than three weeks, she was completely cured. She’s so proud of herself, and so am I.

Laura Klassen

After our pediatrician recommended the Potty Pager, our son was dry in just 4 weeks. It’s much less costly than drugs, and we are absolutely thrilled with the results!

Randy and Laurie Eisenbraun

Our pediatrician suggested a Potty Pager for our daughter. Having been a bedwetter, I consider our results nearly miraculous – in only a few nights use!

Angela Seybert

Since we didn’t like bedwetting drugs, the urologist suggested the Potty Pager. After just 2 weeks use, our son stopped wetting. He is so much more confident and proud.

Ralph and Victoria Cunningham

I was shocked when Dr. Mooss said to stop using medications, and buy a Potty Pager. But in 3 weeks our daughter was dry! The glow on her face in the morning when she would run into our room and yell “I’m dry again”!

Michelle Hulse

The Potty Pager is 100% safe, used as directed. It costs just $75, including shipping and handling, and comes with a 30 day money-back guarantee. And best of all, it has the power to put really big smiles on the faces of both kids and their parents.

For complete information call: 800-497-6573 or 303-440-8517

Or visit our web site: www.pottypager.com

IDEAS FOR LIVING, INC.  BOULDER, COLORADO

POTTY PAGER

The Potty Pager is the wireless alarm that trains the bedwetter – not the whole house. Unlike weak imitations, it uses a powerful pulsed vibration – because kids are pros at sleeping through most anything else.
**Classified Advertising Policy**

When you need to contact pediatricians, contact AAP News. Each month more than 57,000 pediatricians, pediatric specialists, third-year pediatric residents and other subscribers turn to AAP News for child health information they cannot get elsewhere. With a classified ad, you can speak directly to those readers.

For more information, contact: Roland Keve, The Walchli Tauber Group. (443) 512-8899, ext. 101 or fax (443) 512-8909. Ad copy is to be sent to: The Walchli Tauber Group, 2225 Old Emmorton Rd., Ste. 201, Bel Air, MD 21015. Payments are to be mailed and made payable to The American Academy of Pediatrics, Dept. 77-5194, Chicago, IL 60678-5194.

**St. Mary’s**

Part Time Pediatric Intensivist

Expanding Program of Southern Indiana’s oldest and largest Pediatrics Program

- St. Mary’s Hospital for Women and Children is seeking an additional Part Time Pediatric Intensivist. This is the ideal setting for continuing to develop your career while meeting responsibilities at home.
- Extremely flexible hours for board-certified Pediatric Intensivist who loves kids.
- Work as little as 24 hours per week and receive benefits, including free on-site day-care for children Monday through Friday, health, dental, malpractice, retirement plan and many more. Competitive Salary negotiable based on experience.
- Experienced and dedicated nursing staff.
- Largely private practice setting.
- Teaching opportunities available. Support for clinical research and writing offered.
- Great child oriented community.

Seven bed PICU, sedation service, palliative care, acute and chronic pain management, some inpatient hospitalist work. Tell us what you would like to do and let us help you achieve your goals. This can evolve into a full-time position if you desire.

Evansville, IN has a population of 121,000, and St. Mary’s serves a population of over 828,000. Evansville is a great family oriented community offering excellent schools, and the cost of living is low compared to regions of similar size. For more information on this opportunity, contact Katrina Kazmazrek, Director, Physician Recruiting at 812-485-7962 during the day or at 812-499-5855 in the evening or email kkmazmazrek@stmarys.org.
The DHA omega-3 that redefined infant formula is now available as a new supplement for pregnant and nursing mothers.

Introducing Expecta™ LIPIL®

A DHA Supplement from Mead Johnson Nutritionals containing Martek DHA™

DHA, the omega-3 fatty acid that made infant formula more nutritionally complete, is now available as a new dietary supplement for pregnant and nursing women. DHA is a major structural component of an infant's developing brain and eyes. It is therefore important that mothers obtain adequate amounts during pregnancy and while breastfeeding. Unfortunately, American women typically consume less than 100 mg/day of DHA, far below an expert panel recommendation of 300 mg/day for pregnant and nursing women.** To help moms bridge the gap and provide recommended levels of DHA to their developing infants, recommend Expecta™ LIPIL®, a new product from Mead Johnson. It contains the same DHA found in Enfamil® LIPIL® infant formulas and can be taken with any prenatal supplement.

To learn more about DHA and Expecta™ LIPIL®, call 1-888-4EXPECTA or talk to your Mead Johnson representative.

Martek Biosciences Corporation is the manufacturer of Martek DHA™
