

HEALTH ALERTS

The U.S. Consumer Product Safety Commission (CPSC) has announced recalls of the following products. Consumers should stop using recalled products unless otherwise instructed.

Fireworks

Two companies are recalling fireworks:

Product: 300 Shot Saturn Missiles Battery Fireworks

Units: About 13,600

Distributor: Far East Imports, of Pittsburg, Kan.

Hazard: These fireworks devices can travel in an unexpected and dangerous direction, which could pose eye and other injury hazards to bystanders.

Description: The recalled fireworks are a 200-gram, multishot device that consists of 300 individual missiles with a single fuse for ignition.

Sold by: Boomer Distributors nationwide from April through July 2006 for \$10.

Remedy: Contact Far East Imports for a replacement product.

Contact: Call 800-766-1277 or visit www.fareastimporting.com.

Product: March or Die Mine/Shell Fireworks Devices

Units: About 4,000

Distributor: Jakes Fireworks Inc., of Pittsburg, Kan.

Hazard: The tubes on these fireworks devices could become loose, making the devices unstable. If the device tips over during use, it could burn bystanders.

Description: The recalled fireworks are a 500-gram mine/shell device that consists of nine, 3-inch tubes with a single fuse for ignition.

Sold by: World Class Distributors nationwide from April through May 2006 for \$40.

Remedy: Contact Jakes Fireworks for a replacement product.

Contact: Call 800-766-1277 or visit www.jakesfireworks.com.
