

## CME

### CME in Chicago features holiday lights, festive fun

Come visit Chicago while it is lit up like a jewel for the holidays. Swissotel Chicago will play host to Practical Pediatrics Dec. 7-9. The course includes interactive lectures, seminars and question-and-answer sessions delivered by expert faculty.

The concurrent seminars in this course focus on dermatology, developmental/behavioral pediatrics, endocrinology, infectious diseases, orthopedics and pulmonology.

While there for Practical Pediatrics, experience the way Chicago celebrates the holiday season. Visit Navy Pier to see beautiful lights and ride a holiday-themed Ferris wheel. Browse holiday window displays on Michigan Avenue, ice skate in Millennium Park and check out the Christkindlmarket, Chicago's famous German holiday market in Daley Plaza.

Course highlights and faculty include:

- “The Dermatologist’s Secret Armamentarium,” with Susan Boiko, M.D., FAAD, FAAP, voluntary assistant professor of pediatrics, Division of Pediatric Dermatology, U.C. San Diego Medical Center;
- “Temper Tantrums, Biting, Hitting and Pinching: Managing Tough Toddlers,” with Susan Buttross, M.D., FAAP, assistant professor of child psychiatry, chief, Division of Child Development and Behavioral Pediatrics, University of Mississippi Medical Center, Jackson, Miss.;
- “MRSA,” with Robert W. Frenck Jr., M.D., FAAP, professor of pediatrics, Cincinnati Children’s Hospital Medical Center;

- “Office-based Pulmonary Function Testing,” with Gerald M. Loughlin, M.D., FAAP, professor of pediatrics, chairman, Department of Pediatrics, pediatrician-in-chief, Phyllis and David Komansky Center for Children’s Health, Weill Cornell Medical College, New York Presbyterian Hospital, New York;
- “Motivational Interviewing: A Communication Style to Reduce Resistance to Behavior Change,” and “Evaluation and Management of the Child with Small Stature,” with Robert P. Schwartz, M.D., FAAP, professor of pediatrics, Wake Forest University School of Medicine, Winston-Salem, N.C.;
- “The Evaluation of Limp and Gait Disturbances in Children,” with Kit M. Song, M.D., M.H.A., FAAOS, professor of orthopedic surgery, University of Washington School of Medicine, Seattle.

Participants can earn a maximum of 17.25 AMA PRA Category 1 credits. For early bird rates, register by Nov. 8.
