See you in Paradise for learning, relaxation

Escape from winter to warm beach breezes at Practical Pediatrics on the 685-acre Paradise Island in Nassau, The Bahamas, Feb. 22-24.

Stay at the Atlantis Paradise Island Resort and Casino, the host site of continuing medical education (CME) sessions delivered by nationally prominent experts in cardiology, developmental/behavioral pediatrics, endocrinology, infectious diseases, pulmonology and rheumatology. Each course combines lectures, interactive seminars and question-and-answer sessions to allow attendees to interact with faculty in solving problems encountered in daily practice.

After, explore the beaches, swim with dolphins, enjoy boating and fishing, or explore the historic downtown area.

Seminars and faculty include:

- “What Can We Do for Obese Children and Adolescents?” with Gary L. Francis, M.D., Ph.D., C.D.E., FAAP, professor of pediatrics, Children’s Hospital of Richmond at Virginia Commonwealth University;
- “Cardiac Emergencies in the Delivery Room, Emergency Room and Office,” with William W. Hammill, M.D., FACC, FAAP, pediatric cardiologist at Presbyterian Pediatric Cardiology, Charlotte, N.C.;
- “Management of Apparent Life-threatening Events,” with Gerald M. Loughlin, M.D., FAAP, Nancy C. Paduano Professor and Chairman, Department of Pediatrics, and pediatrician-in-chief, Weill Cornell Medical College and Phyllis and David Komansky Center for Children’s Health and New York Presbyterian Hospital;
- “Challenging Cases in Developmental/Behavioral Pediatrics,” with Michelle Macias, M.D., FAAP, professor of pediatrics, direc-

tor, Division of Developmental/Behavioral Pediatrics at Medical University of South Carolina;

- “Hot Topics in Pediatric Infectious Diseases,” with Jeffrey R. Starke, M.D., FAAP, professor of pediatrics, Baylor College of Medicine, Houston; and
- “Musculoskeletal and Skin Exam: Rheumatology Diagnosis by Physical Findings,” with Linda Wagner-Weiner, M.D., M.S., FAAP, associate professor of pediatrics, University of Chicago.

General session highlights include:

- “National Heart, Lung and Blood Institute Guidelines on Cholesterol in Kids: What’s New and How Does This Change Practice?”;
- “Late Talker or Language Delay: Is He or She Going to Grow Out of It?”;
- “What’s New in Diabetes Mellitus and How Can Pediatricians Improve Overall Outcomes?”;
- “Kawasaki Disease: What’s New in Diagnosis and Treatment?”;
- “Management of Snoring and Sleep Apnea in Children”; and
- “Periodic Fever Syndromes.”

Participants can earn a maximum of 17.25 AMA PRA Category 1 credits. For early bird rates, register by Jan. 25.
