Prepare for Maintenance of Certification with PREP CME intensive review

PREP TheCourse

Combine sunshine and learning with PREP The Course Tempe on March 8-12 at the Tempe Mission Palms.

Outdoor activities, entertainment, restaurants and nightlife abound in Tempe. Kayak on the lake; explore the Mill Avenue District shops, restaurants and street vendors; or visit the many nearby art galleries. The average high in March is a sunny 78 degrees. The light rail is just outside the resort, making it easy to plan a quick visit to nearby Phoenix.

PREP The Course offers an intensive format to update knowledge and skills. Prepare for Part 3 of the American Board of Pediatrics' Maintenance of Certification or earn additional points for Part 2. Educational formats meet all learning styles, with lectures, case presentations, faculty panels, visual diagnosis, pre- and post-course assessments of learning, and hot topics.

Highlights and faculty include:

- "Adolescent Health/Gynecology/Substance Abuse," with Michael Spaulding-Barclay, M.D., M.S., FAAP, of the Eating Recovery Center, Child and Adolescent Services Denver, and Aneesh K. Tosh, M.D., FAAP, Division of Adolescent Medicine, University of Missouri School of Medicine;
- "Allergy and Immunology," with Anne B. Yates, M.D., FAAP, Division Allergy and Immunology, University of Mississippi Medical Center;
- "Emergency Medicine/Critical Care/Injuries and Poisoning," with Brett McAninch, M.D., FAAP, of Children's Hospital of Pittsburgh;

- "Fetus and Newborn Infant," with Robert M. Insoft, M.D., FAAP, of NICU and Neonatal Respiratory Services at Brigham and Women's Hospital;
- "General Pediatrics," with Joanne Cox, M.D., FAAP, of Children's Hospital Boston, and G. Waldon Garriss III, M.D., M.S., FACP, FAAP, of Vanderbilt Children's Hospital;
- "Genetics and Dysmorphology," with Tamison Jewett, M.D., FACMG, FAAP, of Wake Forest School of Medicine;
- "Infectious Diseases" with Charles Reece Woods Jr., M.D., M.S., FAAP, of University of Louisville School of Medicine; and
- "Sports Medicine," with Shane Miller, M.D., FAAP, CAQSM, of UT Southwestern Medical Center at Dallas and Children's Medical Center of Dallas.

Participants can earn a maximum of 42 AMA PRA Category 1 credits. Register by Feb. 7 for early bird rates.
