

CME

Southwestern sites, CME beckon in heart of San Antonio

Brush up your patient care skills and brighten up your February at PREP:

The Course in sunny San Antonio. The Hyatt Regency San Antonio River Walk hosts this intensive review and pediatric update course, Feb. 21-25.

Enhance your practice through case-based sessions, discussions and visual diagnosis segments. Those preparing for the American Board of Pediatrics Maintenance of Certification (MOC) examination or needing additional points for the Part 2 component of MOC also will benefit from attending.

While visiting, stroll down the famous San Antonio River Walk and enjoy a city center bustling with culture. Close to fine dining, shopping and just steps from the historic Alamo, the Hyatt Regency also offers a spa and rooftop pool.

Highlights of the course include:

- “Genetics,” with Joan M. Stoler, M.D., FAAP, of Harvard Medical School and Boston Children’s Hospital;
- “Developmental/Behavioral Pediatrics,” with Jessica L. Roesler, M.D., of the University of Rochester;
- “Respiratory Disorders,” with Lawrence Rhein, M.D., FAAP, of Harvard Medical School and Boston Children’s Hospital;
- “Adolescent Health/Gynecology/Substance Abuse,” with Aneesh Kumar Tosh, M.D., M.S., FAAP, of the University of Missouri;
- “Rheumatology,” with Hilary M. Haftel, M.D., FAAP, of Mott Children’s Hospital and the University of Michigan;
- “Infectious Diseases,” with Michelle Anne Joubert Gill, M.D., Ph.D., of the University of Texas Southwestern, and Felice C. Adler-Shohet, M.D., FAAP;

- “Sports Medicine,” with Andrew John Maxwell Gregory, M.D., M.S., FAAP, of Vanderbilt University;
- “Allergy and Immunology,” with Stacy Dorris, M.D., of Vanderbilt University;
- “General Pediatrics,” with Ryan Coller, M.D., FAAP, of the University of Wisconsin;
- “Hematology and Oncology,” with Helge D. Hartung, M.D.;
- “Endocrinology,” with Srinath Sanda, M.D.;
- “Emergency Medicine,” with Brett McAninch, M.D., of the Children’s Hospital of Pittsburgh;
- “Cardiology,” with Angela M. Sharkey, M.D., FAAP, of Saint Louis University School of Medicine;
- “Renal and Urologic Disorders/Fluid and Electrolyte Metabolism,” with Beth Ann Vogt, M.D., FAAP, of University Hospitals — Rainbow Babies & Children’s Hospital; and
- “Gastrointestinal Disorders,” with Alvin Jay Freeman, M.D., of Jackson, Miss.

Participants can earn a maximum of 42.5 AMA PRA Category 1 credits. Register by Jan. 22 for early bird rates.
