

## CME

### CME seekers can head west for review, relaxation in Denver

Looking for an intensive review and a refreshing approach to clinical practice? Head to Denver for PREP The Course at the Sheraton Denver Downtown Hotel, Sept. 6-10.

PREP The Course offers a variety of approaches to meet your learning preferences, including case-based sessions, hot topics and visual diagnosis components.

The “mile-high city” is rife with activities and abundant in sunshine in September. Make your visit official by climbing to the 13th step of the west side of the Colorado State Capitol Building, which rests exactly one mile above sea level. Golfers will appreciate the altitude, which enables golf balls to travel 10% farther through the thin air. Outdoor enthusiasts can tackle part of the 500-mile Colorado Hiking Trail leading from Denver to Durango across mountains and through national forests.

Course highlights and faculty include:

- “Adolescent Health/Gynecology/Substance Abuse I,” with Michael Andrew Spaulding-Barclay, M.D., FAAP;
- “Adolescent Health/Gynecology/Substance Abuse II,” with Aneesh Kumar Tosh, M.D., M.S., FAAP;
