San Antonio beckons with history, charm in mild December

Plan to attend a Practical Pediatrics continuing medical education course Dec. 5-7 at the Grand Hyatt San Antonio in the heart of south central Texas.

The course combines education and relaxation with half-day interactive sessions and case-based lessons.

With daily highs in the 60s in December, San Antonio offers a rich history and opportunities for walking along the river and taking riverboat rides. The city also has many options for shopping and restaurants.

Course highlights and faculty include:

- “Hypertension: Diagnosis and Management,” “Enuresis: Methods to Prevent Uncontrolled Urination,” “Proteinuria: Pathophysiology and Diagnosis” and “Urinary Tract Infections: The New Practice Guidelines,” with Ali Mirza Onder, M.D.;
- “Pediatric Bronchiolitis: Why Doing Less is Doing More,” “Osteomyelitis: Moving Towards Outpatient Management,” “Pediatric Pneumonia: Overview of Diagnosis and Management” and “Skin and Soft Tissue Infections: Better Understanding of the Role of MRSA,” with Brian K. Alverson, M.D., FAAP;
- “EKGs and Arrhythmias,” “Chest Pain: Differential Diagnosis and Management,” “Common Acquired Cardiac Diseases: Myocarditis, Pericarditis, Kawasaki, Lyme Disease” and “Physical Preparticipation History and Examination: Cardiac Components and Pearls,” with Candace Lynn Gibbin, M.D., FAAP;
- “Examination of the Hip and Knee,” “Acute Evaluation of Sports Injuries and What to Do in the Office/Urgent Care Setting,”

“Bone and Joint infections,” “Intoeing and Foot Issues: When You Should Be Concerned” and “Examination of the Hip and Knee,” with Donna M. Pacicca, M.D., FAAP;

- “My Asthma Patient Is Still Wheezing: Now What?” “Wee Wheezers,” “Stridor: What’s Wrong With My Airway?” and “My Child’s Still Coughing!” with Elizabeth DeFrancis Allen, M.D., FAAP;
- “What Fits and What Doesn’t: Seizures and Other Paroxysmal Disorders,” “Headache in Children and Adolescents,” “When Pharmacotherapy Doesn’t Seem to Work: Challenges in ADHD Management” and “Neurologic Adverse Events Following Immunization: Sorting the Wheat From the Chaff,” with Max Wiznitzer, M.D., FAAP.

Register by Nov. 7 for early bird rates. Participants can earn a maximum of 17.25 AMA PRA Category 1 credits.
