### Fetus, newborn topics focus of spring perinatal workshop in Scottsdale

Celebrate the return of spring in balmy Scottsdale, Ariz., at the 2015 Workshop on Perinatal Practice Strategies, March 27-29. Pediatric professionals, especially those who focus on fetus and newborn health, will find this comprehensive course useful.

Hosted at the DoubleTree Resort by Hilton in Scottsdale's Paradise Valley, the workshop will feature a special coding seminar and a presentation by keynote speaker Jon Edward Tyson, M.D., M.P.H., FAAP, on evidence-based counseling and intensive care for extremely premature infants.

When not in workshops, take a free trolley to Scottsdale's city center for shopping and fine dining, or visit Scottsdale Stadium to watch the San Francisco Giants during spring training. Scottsdale is famous for its hiking trails and also is a golf destination, with more than 200 courses from which to choose.

Workshop highlights include:

- "The Mathematics of Morality in the NICU" and "Cost-Benefit Calculations of NICU Care," with William Meadow, M.D., of the University of Chicago;
- "Cord Clamping Timing – Is Delay the Standard of Care?" and "NIH Grant Writing," with Tonse N.K. Raju, M.D., D.C.H., FAAP, program director at the Eunice Kennedy Shriver National Institute of Child Health and Human Development;
- "NICU Budgets" (beginner and advanced sessions), with Richard A. Molteni, M.D., FAAP, of Phillipsburg, Mont.;
- "Meta-Analysis of RCTs: How Valid is the Evidence?" with John A.F. Zupancic, M.D., Sc.D., FAAP, of Boston Children's Hospital;

## 2015 Workshop on Perinatal Practice Strategies

- "They Can Handle the Truth: Disclosure of Medical Errors" and "Quality Improvement of the Neonatologist: What's in Your Toolbox?" with Stephen A. Pearlman, M.D., FAAP, of Newark, Del.;
- "The Microbiome in Health and Disease – Why All the Hype?" with Erika C. Claud, M.D., of the University of Chicago; and
- "Advanced Neonatal High Fidelity Simulation — Not Your Mother's NRP Sessions," with Renate D. Savich, M.D., FAAP, of Albuquerque, N.M., Joseph Livingston, M.D., FAAP, of Tucson, Ariz., and Lisa Grisham, M.S., N.P., of Tucson, Ariz.

Register by Feb. 25 for early bird rates. Participants can earn a maximum of 17.75 AMA PRA Category 1 credits. Participants also may complete online pre- and post-course self-assessments to earn 10 American Board of Pediatrics Maintenance of Certification Part 2 points in addition to continuing medical education credit.

The workshop is supported by Abbott Nutrition and Mead Johnson Nutrition
