Phoenix welcomes pediatricians for practical learning with half-day sessions

Looking for a weekend getaway where you have time for continuing medical education and a relaxing escape? Consider Practical Pediatrics at the Arizona Biltmore in Phoenix, Nov. 13-15.

Attend half-day sessions on adolescent health, allergy and immunology, dermatology, gastroenterology, infectious diseases and sports medicine. An open schedule allows plenty of time to explore Phoenix's attractions and cultural offerings.

Courses and faculty include:

- "Female Athlete Triad Screening and Clearance," "Hands on Exam for Shoulders," "Sports Supplements" and "Concussion: What is New, What Determines Return to Play?" with Amanda K. Weiss-Kelly, M.D., FAAP;
- "Eating Disorders: The Role of the Medical Provider," "Contraception for Adolescents: Helping Your Patient Choose the Best Method," "Update on Sexually Transmitted Infections," and "The Menstrual Cycle: When to Worry, When to Watch," with Cynthia M. Holland-Hall, M.D., M.P.H., FAAP;
- "Eosinophilic Esophagitis: Is This the New Food Allergy of the Decade?" "Wheeze, Swelling, Coughing and Itching: There's More to Allergy Than Antihistamines," "Banning Foods From School and Childcare: Policies on Food Allergy Prevention" and "Baby's Itchy Skin: Natural Course of Atopic Dermatitis and the Development of Allergies and Asthma Later in Life," with Harvey L. Leo, M.D., FAAP;
- "Gluten Related Disorders: Separating Facts From Fiction," "You Too Can Be a Gastroenterologist: Dealing With Common

GI Conditions," "Recurrent Abdominal Pain in Children: It's Not 'All in the Head'" and "Empowering Pediatricians to Start a Movement in Every Child!" with Ivor D. Hill, M.B., Ch.B., M.D., FAAP;

- "Kawasaki Disease (Typical and Atypical): Evaluation and Management," "Interesting ID Cases," "Vaccine Resistance: Addressing Refusal, Safety and Ethical Issues" and "Animal Bites: Assessment and Management," with Leonard R. Krilov, M.D., FAAP; and
- "What Zit All About? Update on Acne Management Strategies," "Dermatology Detective: Using Clues on History and Cutaneous Signs to Solve Puzzling Dermatology Cases," "Hemangiomas of Infancy: Update on Management" and "Topical Therapy: How to Choose, How to Use!" with Miriam G. Weinstein, M.D., FAAP.

Register by Oct. 14 for early bird rates. Earn up to 17.25 AMA PRA Category 1 credits. A self-assessment portion of the course is approved for 10 points of Maintenance of Certification Part 2 credit by the American Board of Pediatrics. Participants must take a pre-test, attend the live activity and complete a post-test.
