Trauma is the major cause of death for children...and an event for which you cannot afford to be unprepared. To help you keep abreast of the latest advances in pediatric emergency care, the American Academy of Pediatrics (AAP) and the American College of Emergency Physicians (ACEP) announce the publication of the Advanced Pediatric Life Support manual.

Comprehensive overview of emergency techniques
Advanced Pediatric Life Support manual provides a core of knowledge for all health care providers who care for children in emergency settings. The 309-page guide is divided into five sections:

- Cardiovascular Support presents the assessment and management of cardiopulmonary arrest and the associated medical catastrophes of respiratory distress, shock, dysrhythmia, and congestive heart failure.
- Traumatic Emergencies focuses on trauma to the chest, abdomen, and central nervous system; child abuse; and thermal and electrical injuries.
- Environmental Emergencies describes general management of ingestion, inhalations, envenomation, drowning, hypothermia, and hyperthermia.
- Neonatal Emergencies outlines resuscitation of the newborn, high-lighting such techniques as initial assessment, suctioning, ventilation, and umbilical artery catheterization.
- Emergencies with Altered Levels of Consciousness details management of diabetic ketoacidosis, meningitis, Reye syndrome, and status epilepticus.

Ideal reference and review guide
Advanced Pediatric Life Support manual is a versatile reference resource. Set your own pace as you review the techniques outlined in each stand-alone chapter. Each section has been formatted for quick information retrieval. Advanced Pediatric Life Support manual also serves as the text for the official AAP/ACEP Advanced Pediatric Life Support course. To find out about scheduled courses, call the National Course Coordinator at ACEP (314-539-0981).

The experience of leading professionals
This pediatric emergency care manual was compiled by experts from the AAP/ACEP the National Task Force on Advanced Pediatric Life Support - Martha Bushore, MD; Gary Fleisher, MD; James Seidelt, MD; and David Wagner, MD - and over 50 nationally renowned lecturers and contributors.

Enhance your skills today
The Advanced Pediatric Life Support manual is indispensable for anyone who will administer pediatric emergency care. To obtain your copy, simply return the attached coupon or call us toll free at 800-433-9616 (in IL, 800-421-0589) to charge your order.

ALAMO'S
Association Membership Program

At Alamo we believe people who have a real love for travel deserve something special. That’s why we offer guaranteed low rates in Alamo territory. And of course you won’t pay a penny for mileage. More than ever before, you expect more for your travel dollars, and Alamo delivers!

So whether you have in mind a get-away vacation or traveling to one of Alamo’s business cities, Alamo would like to make the trip more enjoyable with efficient service and the best equipped cars in the industry.

Alamo continues to expand in 1989 with 8 new domestic locations nationwide and 1 international location, Glasgow Scotland. All Alamos locations are corporately owned and operated to provide 100% customer service and satisfaction.

For reservations, please call Alamo at 1-800-732-3232 and request Plan "BY". You must use your Association I.D. number.

Sales tax, optional Collision Damage Waiver ($9.00 per day in California; $12.99 per day or less elsewhere), and other optional items are extra. Our one-time, non-refundable fuel fee includes at least a half tank of gas (where prohibited, optional refueling applies). Under age 25, add $6 per day. Some airports impose a tax or fee that applies only if you choose to exit on our shuttle bus. Weekly rates require a five-day minimum rental or daily rates apply. 24-hour advance reservations required. Availability is limited. Offer good until December 31, 1989. (Peak holiday pricing may apply).

Alamo features fine General Motors cars such as the Pontiac Grand Am. If a reservation is ever unavailable, Alamo will provide a similar or larger car at no additional cost.

Unlimited Free Mileage
