AAP AWARDS FOR EXCELLENCE IN PEDIATRIC RESEARCH

Each year two American Academy of Pediatries Awards for Excellence in Pediatrie Research will be made available to the American Academy of Pediatries. Each award is comprised of the following stipulations:
1. These awards are two in number. Each award shall include a plaque, a separate check in the amount of $250, a plaque, and traveler's expenses to a Society Meeting. The American Academy of Pediatries Annual Meeting of the American Academy of Pediatrics at which the award is presented.
2. The Awards will be given only at times when an individual's research work is considered outstanding and worthy of Academy recognition.
3. To be eligible for the 1994 Award, nominees must be in good standing with the American Academy of Pediatrics medical school within the twenty year period prior to July 1, 1990.
4. The Awards will be made to members of the Academy, but to physicians in the Academy who have completed a pediatric residency, or have passed the Pediatric Board Examination, or have fellowship in the Academy, or have held a full-time primary academic position in a Department of Pediatrics for at least two years prior to the nomination, and have demonstrated continuing commitment to pediatric research.
5. The Awards will be made for research work currently published, preferably coming to the attention of Academy recognition during the past three years.
6. The Awards will be presented at the Academy Annual Meeting of the American Academy of Pediatrics by the President of the American Academy of Pediatrics.
7. Selection of the Awards recipients will be the sole responsibility of the American Academy of Pediatrics Committee for Awards for Excellence in Pediatric Research and the Board of Directors.
8. Each year in September, deans of medical schools, heads of departments of pediatric education and chiefs of hospital staff are invited to submit nominations for the Awards for Excellence in Pediatric Research and will be asked to submit nominations for these Awards.
9. The Director, Department of Maternal, Child and Adolescent Health of the American Academy of Pediatrics will prepare and distribute such notices and will receive the nominations for the Awards for Committee. All nominations must be received by the American Academy of Pediatrics by April 1, 1994. The committee will select the Award winners prior to May 1, 1994. A formal announcement may appear in the program for the Annual Meeting of the American Academy of Pediatrics.

American Academy of Pediatrics 
1994 Medical Education 
Awards — Sponsored by Ross Laboratories

The American Academy of Pediatrics is pleased to announce the availability of funds now open for the 1994 Medical Education Award program. Applications will be submitted by Jan. 28, 1994. The awards will be presented at the Academy’s Annual 
Meeting in Dallas, Texas October 22-26, 1994.

The AAP Medical Education Awards, sponsored by Ross Laboratories, annually recognize excellence in pediatric education, research, and community 
profes-sional, lay and lifetime achievements in pediatric medical education. 

The professional education award is designed to recognize innovative and effective pro-
gress in the education of medical residents, preceptors, and pediatrieians. The lay education award is given for programs that educate parents, teachers, 
children and others in aspects of child health. The lifetime achievement award is given for lifetime achievements in pediatric medical education.

1993 Award Recipients: Ronald 
Blom, M.D., Division of Neo-
atology, Department of Pediatrics, King/Drew Medical Center — winner of the Professional 
Education Award for his initia-
tion and implementation of the 
Neonatal Resuscitation Program. Gary 
S. Rachefsky, M.D., Clinical Professor, Department of Pediatrics, 
University of California-Los Angeles School of Medicine — winner of the 
Research Award for his work developed and national imple-
mentation of the American Academy of Pediatrics self-management programs for children (2-12 years) and for 3-6 year olds (Asbm Bear 
Care). Sydney G. Gelles, M.D., Professor Emeritus of Pediatrics, University of California — winner of the Lifetime Achievement Award for his training, over the past fifty years, from medical students to pediatric residents to practicing pediatrieians. His training 
consists of extensive writing and participation in post-graduate courses and seminars.

CRITERIA FOR AWARDS: Selection of awards will be based on originality, educational quality, and effectiveness, and the potential for utilization in pediatrie education. Nominees are restricted to pediatrieians who are members of the Academy. Nominees for professional or lay medical education awards should be actively involved in the field in which they are being considered, and the program should be one which is in effect within the last two to three years. Previous nominations may be resubmitted for consideration.

To obtain nomination forms or addi-
tional information, contact: Errol R. Adler, M.D., Division of Education, or Linda Wetzel, Administra-
tive Assistant, Department of Pediatrics, American Academy of Pediatrics, PO Box 273, Elk Grove Vil-
one, CA 95624; Elk Grove Village, 
IL 60007-1096.
Illinois
